

ACURA

ACCESSORIES 1989

We are proud to present our fine collection of Acura accessories for 1989. On these pages, you'll find details which complement, plus a full selection of special effects that easily adapt to your own creative expression.

It's hard to improve on perfection, yet each accent included here has been meticulously designed to augment the beauty of your Acura. To add convenience to your personal lifestyle while maintaining and protecting the original value of your fine automobile.

Little things mean a lot. From plush carpet mats to custom-designed sound systems to dashing aerodynamic touches, each amenity features built-in quality, craftsmanship and attention to detail.

Your Acura dealer cordially invites you to personally view this collection of Acura accessories.

## ACCESSORIES 1989

**ACURA**

*Elements Of Pure Integra-Styling. Engineered To Reflect  
Your Lifestyle.*

**ACURA**  
**INTEGRA**  
ACCESSORIES 1989

**Center Console**

More than meets the eye. For RS models only, this custom-formatted center console can hold cassettes and other small but valuable personal effects. Or, use it to house the Graphic Equalizer when you're ready to enhance your sound system.

**Louver Kit**

A perfect blend of form and function. You get both with our louver kit — aluminum slats engineered to keep the interior cool — and noticeably fade-free — even in direct sun. What's more, you'll get in touch with some pretty sleek styling, too.

**Leather Steering  
Wheel Cover**

Black, all-leather steering cover fits your wheel and your driving performance to a 't.' A popular accessory, it doesn't take much time to add this professional touch.

**Arm Rest**

Here's a quick way to add comfort, convenience and compact storage to your Integra. Of course, it's color-coordinated to your interior and provides a surprising amount of unexpected space.

**Rear Mud Guards**

The best defense for harmful road substances. These tough, yet attractive black-polymer mud guards keep your Integra's underbody, rear and sides protected even in the harshest conditions.

**Nose Mask**

Our flexible, three-piece assembly allows easy headlamp and hood adjustment while shielding your fine finish from insects, flying pebbles and gravel. Protection, plus a snappy enhancement to your already-sporty Integra.

### *New Full-Nose Mask*

Now, hood, fender and bumper protection for the business-end of your automobile. Custom-tailored felt lining guards the finish while the exterior black vinyl repels those small pebbles and insects the highway throws your way.

### *Carpet Floor Mats*

Protect your Integra's factory flooring from everyday wear and tear. Easy to clean, these 22-ounce nylon, cut-pile floor mats come in complementing colors to blend with your automobile's interior. Quite simply, a smart idea.

### *Door-Edge Guards*

Defend your Integra's doors against nasty and annoying nicks and chips with these form-fitted stainless steel moldings. Coated in state-of-design black vinyl, our door-edge guards look good and protect at the same time.

### *Fenderwell Trim*

These form-fitted, black vinyl-coated stainless steel moldings are tough. They outline your Integra's styling, while protecting the underbody from pebble chips and nicks.

### *Sunroof Visor*

The ultimate in open-air enjoyment. Smoke-tinted aerodynamics sweeten sunshine cruising – more fresh air with less noise and glare. No drilling or special tooling needed, either.

### *Integra Car Cover*

Only a closed garage beats our custom-fitted Integra car cover. Evolution® 3 provides the advanced fabric which lets out accumulated moisture and keeps out pollutants. Lock, hardened steel cable, and storage bag included.

### *All-Weather Door Visors*

Custom-made for fresh-air cruising in any weather. Keeps air turbulence and rain on the outside, where it belongs. Visors are smoked-tinted for an extra splash of personal style.

# ACURA ACCESSORIES FOR ALL MODELS

## *Custom Air Conditioning*

Engineered for year-round comfort, this powerful air conditioning unit is especially designed for your Integra. It provides evenly distributed and efficiently circulated air in summer. Then, works with your heater to circulate dehumidified air to defog your windows on wet winter days. Acura's 3-year/36,000 mile warranty is effective when installed prior to sale.\*

We offer five reasons to experience Acura sound. Each an advanced audio instrument. Each tailored specifically to your Acura model. Each defined by your listening requirements. Of course, all are fully supported by our three-year/36,000-mile warranty when installed prior to sale.\*

## *Battery Blanket*

Keeps your battery's start-up power at peak performance. Recommended for cold climates.\*\*

## *Engine Heater*

Keeps your engine warm for smooth and easy ignition. Recommended for cold climates (not shown)\*\*

\*Fits all models of Acura automobiles.

## *Coded Wheel Locks*

Help protect your valuable wheels and tires against theft. Only you hold the specially coded key that unlocks them †

†A lock set is available for all models of Acura automobiles.
